WHY MINIAT

Our founders' business model was simple: offer quality products and back them up with unparalleled service. Now, more than a century later, our team of culinary experts, food scientists, food safety, operations, supply chain, administration, sales, and customer service professionals embrace our founders' ideals of Driven to Serve™ as the very core of who we are today. Miniat's custom-crafted protein solutions and private label products help retail and restaurant brands, CPG companies, and food service providers, stay relevant and competitive. With high-volume production facilities in the Midwest and Southeast, Miniat can deliver product across the country within two days of shipment.

Contact your Miniat Sales Representative to discuss Miniat's fully cooked, Private-label Protein Solutions.
